## Professional Summary

Fresher skilled in Java, Spring Boot, Hibernate, Spring Data JPA, MySQL, and RESTful API development, with hands-on experience building secure and scalable backend applications.

## Technical Skills

- **Languages:** Java, JavaScript, SQL
- **Backend:** Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, Microservices Architecture
- **Databases:** MySQL, SQL, Database Design, Query Optimization
- **Security:** Spring Security, JWT, Role-Based Access Control (RBAC)
- **Developer Tools:** Git, GitHub, Postman, Maven, Docker
- **Concepts:** OOP, Data Structures & Algorithms, DBMS

## Experience

### Freelance Software Developer

Remote

Creonox, [creonox.in](https://creonox.in)

Feb 2025 – Sep 2025

- Optimized scalable REST APIs using Spring Boot, improving response time by 25% via query optimization and database indexing.
- Implemented authentication and validation using Spring MVC and Hibernate (JPA).
- Collaborated on API integrations and tested REST API endpoints using Postman.

### Software Development Intern

Remote

SP WebDevs, [spwebdevs.com](https://spwebdevs.com)

Mar 2024 – Jun 2024

- Built and tested REST APIs using Spring Boot.
- Launched and deployed the company website end-to-end, supporting 100+ users.
- Delivered features end-to-end (DB, API, testing) for client projects.

## Projects

### Coding Assessment Platform

[Source Code](#)

**Tech:** Java, Spring Boot, MySQL, Judge0 API, Monaco Editor

- Developed RESTful APIs using Spring Boot for user management, coding assessments, submissions, authentication, and automated test-case evaluation.
- Integrated Judge0 API for code execution across 5+ programming languages and implemented JWT authentication, JPA-based database operations, and an admin module managing 500+ submissions.

### Chatbot-Based Ticketing System for Museums

[Source Code](#)

**Tech:** Java, Spring Boot, Spring Data JPA, Hibernate, MySQL

- Developed secure REST APIs using Spring Boot for museum ticket booking, user management, and chatbot-based visitor support.
- Implemented JWT authentication, Role-Based Access Control (RBAC), Spring Data JPA, Hibernate, and MySQL for secure data management and booking workflows.

### Interview Analyzer

[Live Demo](#) | [Source Code](#)

**Tech:** Python, JavaScript, Git

- Developed an interview analytics platform that collected and structured 1,000+ interview experiences using web scraping and data processing.
- Implemented search, filtering, categorized question banks, and anonymous submissions to improve interview preparation and data accessibility.

## Education

### R. C. Patel Institute of Technology, Shirpur

Nov 2023 - Jun 2026

Bachelor of Technology in Computer Engineering

CGPA: 8.05/10

### S.S.V.P.S. Polytechnic, Dhule

Aug 2020 - Oct 2023

Diploma in Computer Engineering

Percentage: 84.46%

## Certifications

Java Full Stack Development Training Program, **Symbiosis & Capgemini**.
